

Approved For Release 2007/05/10 : CIA-RDP84-

I mentioned the possibility, but did not offer, to share commo expenses on a pro rated basis -- the proportion of wordage we get [] as opposed to the wordage they get from us -- I speculated to Ops at the time that this would probably be equitable and would encourage a larger file [] and be a damper on requests for additional materials from FBIS. []

REMARKS

Unless I misunderstand the issue, this situation is caused by [] desires for additional material. Therefore don't believe we should pay anything. jdc

London on record as stating upgrading circuit speed of present mode V to 150 baud will cause serious problems due to space limitations; alternative is another [] circuit. Agree [] should pay for additional circuit if they require additional services that existing circuit can't handle. Howie
